Acknowledgements

Sincere appreciation to all the community organizations, community leaders and government agencies who assisted me with the collection of agencies servicing the Vietnamese American community. The extensiveness and comprehensiveness of this directory is a result of your support and continued work in the Vietnamese American community.

The Vietnamese American community of Orange County, specifically those within the City of Westminster, Santa Ana and Garden Grove now have something to refer to when in need of social service.

A special thank you to Professor Regina Freer of Occidental College for sparking the idea for this project. Thank you for helping me discover a way to contribute to the Vietnamese American community.
