Aria continued to adapt and engage her community during the pandemic, through remote programming, workshops and conversations along with maintaining Oxy's garden spaces, and coordinating guest speakers for the community.

(Mathematics, Urban and Environmental Policy minor) is from Los

tal and social justice. During her time at FEAST, she implemented various organizational tools to conduct the newly formed student service in a professional and efficient manner, as well as coordinated events with the pursuit of sustainability and community access to resources in mind. With Oxy Ecosentials, Sarah has worked to collect donations from students at the end of each semester (which diverts waste of unused/reusable items) to then sell to students at extremely affordable prices (most
